

K. R. Mangalam University
Sohna Road, Gurugram

**MINUTES OF WEEKLY MEETING held on 19/02/2020 and 26/2/2019 at
2.30 pm**

Agenda of Meeting:

1. To apprise the activities of NUCLEUS during this semester to higher authorities.
2. To initiate the interdisciplinary activities proposed by various members in last meeting.

Minutes of meeting:

1. Prof. Saahil Arora apprised Hon'ble Vice –Chancellor and Pro- Vice- Chancellor about the earlier meeting minutes, project presentations by various faculties:
 - a) Biofuel from waste cooking oil between SBAS and Mechanical Department of SOET
 - b) Metallic Nanoparticles using green chemistry for various biological activity between SBAS and SMAS
 - c) Waste management of KRMU between SBAS, SMAS, and SOAS
 - d) Motivation of faculty members of KRMU through happiness sessions by SOMC
2. Due to multi-assignment at all Schools, most of active members of NUCLEUS are unable to initiate the project work. Also, it was also observed that few faculty members are already doing inter-disciplinary projects under the supervision of Prof. Krishan Lal at Engineering Kitchen Project works such as Crystal Growth; Ice generation without electricity; Man management through drone etc.
3. It was suggested to merge these two small research units of KRMU together and merge them as single Research group – NUCLEUS under the Chief Mentor cum Chief Co-ordinator – Prof. Krishan Lal. Dr. Saahil Arora will assist him in co-ordinating the activities and management of the generated research data.
